

VENETO | ROSSO | VINTAGE 2018  
IGT | ORGANIC WINE

CALIS

This is Calis,  
our precious red wine.

International by vocation  
but with Calmasino in the  
heart, it is a soft wine with  
an enchanting and spicy accent.  
With him we feel home.

tenutalaca.it

● Merlot ● Cabernet Franc ● Corvina ● Lagrein

Alcohol: 14,00%

Residual sugar: 0.9 g/L

Total acidity: 5.78 g/L

PH: 3.56 g/L

Closure: traditional one-piece cork

Bottles produced: 3122

### *Agronomy and pedology*

Soils: morainic - medium texture, rich in clay and minerals like manganese, iron and calcium; the subsoil is rich in springs that keep the roots of the vines always hydrated. Organic substances are renewed throughout green manures

Vine training system: guyot, 5000 vines/ha; manual replacement of vines that fail to germinate

Yield per hectare: 7/9 tons/ha

Altitude: from 140 to 170 meters above the sea level

Exposure: east-west / north-south

Vine cultivation: organic, low-impact cultivation according to the lunar calendar

Harvest: manual in boxes in September

### *Wine making*

Selection: vibrant selection belt, manual selection belt, destemming, berry selection table

Mashing: by gravity of not crushed grapes by couvon

Fermentation: in stainless steel, cold maceration at 4°C for 24 hours followed by thermocontrolled fermentation until the sugars are exhausted. Daily delastage and punching down throughout the process.

Aging in wood & Blending: 18/24 months in used tonneaux and barriques followed by 6 months in 25HL wooden barrels where the blend happens in march with the first waning moon

Bottling: in September with the first waning moon of spring

Aging in bottle: 6 months

### *Wine tasting*

Between 16° and 18°C in large glass Ballon. A wine with a bouquet of small black fruit, pepper and vegetal hints. Well integrated tannins, a spicy flavor and a fruity concentration pamper the palate making it suitable for red meat main courses, game and aged cheeses.

### *Conservation*

In a cool and dark place, lying down, preferably between 12° and 18°C. Aging potential: 8/12 years.
